

David Ramadge

VICE PRESIDENT AND MANAGING
DIRECTOR, EBAY AUSTRALIA

Dave Ramadge is the Vice President and Managing Director of eBay Australia. He is a seasoned technology and business leader in global e-commerce. Dave joined eBay Australia in December 2017 as Senior Director of Product and Shipping after nearly 10 years in Silicon Valley innovating at scale in large technology companies and building starts-ups.

At eBay, he uses his background as a Product leader to focus on building seamless end-to-end customer experiences for buyers and sellers and is known for his people-first approach.

Dave previously worked at Google in Product Strategy and Operations on products such as Google Maps and Local Search. He was also Co-Founder and COO of Neoglyphic Entertainment, a start-up focused on building advanced 3D and machine learning software for content creation and discovery in the entertainment industry. Prior to his career in the technology sector, Dave consulted to some of Australia's largest companies and organisations as a consultant with McKinsey & Company.

Dave holds a Bachelor's Degree in Mechanical Engineering and a Master's Degree in Biomedical Engineering, both from the University of New South Wales.

Outside of work Dave searches Sydney for its best coffee, is a BBQ and craft beer enthusiast and spends (a lot) of time driving his four children around the city for kids' sport.
